

MOBICASE 2010

The 2nd International Conference on Mobile Computing, Applications, and Services
October 25-28, 2010 • Biltmore Hotel & Suites, Santa Clara, CA, USA

www.mobicase.org

Call for Workshops

Research in mobile computing has brought us knowledge/experience as well as hardware/software platforms, frameworks, libraries and toolkits. An ultimate goal of mobile computing is to build useful applications and services that meet people's needs. MobiCASE 2010, to be held in the heart of Silicon Valley, provides opportunities to researchers and practitioners from both the academia and industry to present and discuss their work on mobile applications and service provisioning.

Call for Workshops

MobiCASE 2010 Workshop Co-Chairs invite proposals for the workshop program of the 2nd Annual International Conference on Mobile Computing, Applications, and Services. Workshops provide a forum for attendees to discuss topics of special interest and work in progress. The day-long workshops will be held on Thursday, October 28 following the main conference.

Important Dates

Submission deadline (workshop proposals)	Friday, April 16, 2010, 11:59PM PDT
Acceptance notification (workshop proposals)	Friday, April 30, 2010
Distribution of accepted workshop CFPs	Friday, May 14, 2010
Proposed submission deadline (workshop papers)	Friday, July 23, 2010
Proposed acceptance notification (workshop papers)	Friday, July 30, 2010
Proposed camera-ready submission deadline	Friday, August 13, 2010
Final camera-ready bundles to workshop chair	Friday, August 20, 2010
Workshops	Thursday, October 28, 2010
MobiCASE Main Conference	Monday-Wednesday, October 25-27, 2010

Pre-Proposal Submission Inquiries

Should you wish to discuss ideas for a workshop proposal prior to the submission deadline, please contact the Workshop Co-Chairs at workshop-chair@mobicase.org.

Proposal Content

We are soliciting workshop proposals in areas related to Mobile Computing, Applications, and Services. We seek to highlight new application domains for mobile computing and new technologies that have the potential to revolutionize mobile applications. We are particularly interested in connecting research to practice.

We are aiming for a balanced workshop program that avoids overlapping themes. Workshop organizers are expected to be active in the area of their workshop proposal.

Workshop proposals should be no longer than two (2) single-spaced, double-column, 8.5" x 11" pages with a 10-point font.

Workshop Proposals Should Include:

Name of the workshop and proposed URL of site to host CFPs, program, etc.

A summary (no more than 150 words) describing the theme(s) of the workshop

A description of the workshop format, activities, and goals (e.g., oral presentations, posters, discussion groups, etc.)

*A list of the specific topics of interest
Names, affiliations, and research interests of the organizers*

Workshop Proposals Should Also Address:

*Who do the organizers expect will attend the workshop?
How do the organizers plan to attract submissions and/or participants?
How many workshop participants do the organizers expect?
How will the organizers facilitate discussion among workshop participants?
What is the expected outcome of the workshop?
What plans, if any, do the organizers have for publishing the workshop position papers?
(or, for example, will the policy of the workshop be that position papers will not be considered as publications?)
How do the organizers plan to organize the workshop? (e.g., participant selection, time line, type of contributions)?
What is the expected agenda for the workshop?*

Submitting Your Proposal

Please email your proposal, as a PDF attachment, directly to the Workshop Co-Chairs at **workshop-chair@mobicase.org**. The deadline for submission of workshop proposals is Friday, April 16, 2010 at 11:59 US Pacific Time.

Organizers Responsibilities

The organizers of each workshop are expected to:

- Publicize the workshop with a call for participation via the Web and email
- Encourage potential participants to submit position papers
- Select workshop participants based on submitted position papers
- Actively run the workshop at the MobiCASE conference on Thursday, October 28, 2010
- Optionally prepare the accepted workshop position papers for inclusion in the digital handout provided to MobiCASE 2010 attendees

Workshop Support

The MobiCASE 2010 organizing committee will

- Announce accepted workshops via the MobiCASE 2010 email distribution list
- Publicize abstracts of the workshops on the MobiCASE 2010 Web site and provide links to individual workshop URLs
- Provide private rooms and A/V equipment for each workshop at the MobiCASE 2010 conference
- Provide the option of including workshop position papers in the digital handout that will be provided to MobiCASE 2010 attendees

Workshop Co-Chairs

Yingen Xiong, *Nokia Research Center, USA*
Djamal Zeghlache, *Institut Telecom, France*
